

EXPENSE REPORT SCREEN

The Expense report Screen, which was ranked Third by the team, covers all the aspects outlined in group meetings. The user interface is clear and concise, with User accessibility features such as font size and theme selection on top right, Expense report is shown by a graph and pie chart and each button labelled with a brief description underneath to facilitate ease of use. This ergonomic design adheres to research indicating that the top right corner is a natural focal point for users. Additionally, it features a search bar for specific expenses and a Finance button in the left corner. Furthermore, categories with biggest expenses is conveniently located in the bottom corner, which can be read aloud for visually impaired users. Overall, this design prioritizes ease of use, accessibility, and functionality.
