

Individual Submission for S1

Mockup of Dashboard of a personal finance tracker to give a clear overview of someone's finances

The persona represents Nadia who is an actress and wants to get a comprehensive understanding of their current financial situation.

Nadia Shanaa

"Empowering my financial future, one smart decision at a time"

Age: 27

Family Status: Single

Pet: Dog

Location: Madrid, Spain

Accessibility: None

Education: Graduate

Occupation: Actress

Personality: Social and Outgoing

BIO

Nadia, a 27-year old working professional is always on the go. Between her work schedule and social life, she struggles to keep track of her finances. She's looking for a solution that is user-friendly and accessible from anywhere, so she can stay organized and manage her finances on the go.

Goals

- To get a clear overview on the dashboard
- User-friendly and easy to use from the jump
- To pay off debt

Frustrations

- Financial improprieties
- Complex applications including the dashboard
- No clear debt repayment plan/tools

My personal one:

Git commit and SSH setup

Done from the terminal, using SSH keys, added HELLO WORLD to testFile.txt & testCommitFile.txt in the repo
